

MAKE SURE YOU DON'T MISS OUT
Follow our at-a-glance endorsing guide to ensure you're correctly reimbursed

Is the product in the tariff?

Tariff Lines

No price endorsement required
Endorse with 'SP' to claim the agreed flat fee for sourcing the product (£20 per prescription)

Imported Lines

Endorse with:

- Net invoice price
- Pack size used to dispense from
- Importer's MHRA licence number
- Batch number (if available)
- 'SP' to claim the agreed flat fee for sourcing the product (£20 per prescription)

Non-Tariff Lines

Endorse with:

- Net invoice price
- Pack size used to dispense from
- Manufacturer's MHRA specials licence number
- Batch number of unlicensed product
- 'SP' to claim the agreed flat fee for sourcing the product (£20 per prescription)

The Certificate of Conformity should be stamped, initialled and endorsed with the net invoice price and prescriber details. These should then be sent to the NHS England Area Team of the prescriber.

Check your Quantum delivery note or just ask us

Useful info

- Pharmacy contractors will now be paid a £20 'flat fee' for each specials prescription to contribute to any expense incurred when sourcing the product e.g. delivery charges.
- Sometimes procuring the product may cost you more than £20 but this should balance out over time.
- The endorsement 'DNG' (discount not given) is no longer required as it is not valid.
- Broken bulk cannot be claimed for an unlicensed special or import. It can only be claimed on the ingredients used when a product is extemporaneously dispensed.
- Where a product has been extemporaneously prepared under Section 10, pharmacy contractors must endorse ED on the prescription to claim the £20 flat fee.

What if I don't have a Certificate of Conformity?

Every reasonable attempt should be made to obtain a Certificate of Conformity or Certificate of Analysis. If you can't, stamp and initial the invoice and endorse it with the net invoice price and prescriber details. Then send it to the prescriber's NHS England Area Team.
